

The Silent Way

Dogsledding Adventures

A group of dogs, including a large black and white dog in the foreground and several smaller dogs, are pulling a sled through a snowy forest. The trees are heavily covered in snow, and the ground is a thick blanket of white. A person is visible in the background, guiding the sled. The scene is bright and cheerful, capturing a winter adventure.

Welcome to us in Lapland – The Silent Way

THE SILENT WAY invites you to high quality ecotourism adventures in the Swedish Lapland. Catrine and Kenneth run the small familiar company together with our friendly and very socialized Alaska huskies. It's around 50 working dogs in our kennel. All the dogs are very well trained and do the mountain tours with a happiness that you only can experience together with them.

The Silent Way is famous for the happy and very behaved dogs. All the dogs are so behaved that you can help out with all the work with the dogs,

like put on the harnesses, feeding and take care of them. They all love if you take some time to pat and cuddle with them.

We have done tours since 1995 and our guests come from all over. The tours are from 4–16 days out and we go from lodge to lodge and experience beautiful new areas and nature every day. The nature in the Swedish mountain is stunning. We go through forests, big mountain lakes, over high mountain plateaus with the amazing feeling of being alone in totally pure wilderness. The biggest nature reserve in Europe – Vindelmountain

Naturereserve, Tärna and Ammarnäs mountain, Nasa mountain, Sulitelma, Padjelanta and Sarek Nationalparks, Pieljekaise Nationalpark, Tara Valley, Ritsem, Abisko...

All of the Swedish Lappish mountain is our adventure park. And some evenings and nights the northern light makes a show that you will never forget.

Come and be a part of the best dogsledding adventure ever!

Your hosts, Kenneth and Catrine.

GERLINDE FROM NORWAY:

Thousand thanks Kenneth and Catrine for leading us through the mountains in sun and snowstorm! The tour was no Sunday afternoon tour in the sunset and I loved it! 😊 Needs no mention the great meals every day, all the others did."

The Silent Way is quality marked by Natures Best

THE SILENT WAY loves the nature. Natures Best is the first national ecotourism quality label in the northern hemisphere. Best for the visitor, best for nature.

LESTER FROM SOUTH AFRICA:

The Silent Way and the dogs is the best adventure ever! Loved the nature, food, mountains and working with the dogs. Thanks for a great time.”

SOME NIGHTS THE NORTHERN LIGHT

is so magical that it will take your breath away! We have the best light shows from november to middle of march. But sometimes we can see the northern light into april.

A person on a horse is silhouetted against a bright, low sun, leading a pack of dogs across a vast, flat, open landscape. The scene is bathed in the warm, golden light of sunset or sunrise, creating a serene and atmospheric setting. The dogs are in the foreground, following the horse and rider towards the horizon.

Sometimes nature
change the view of life,
the only way to
experience nature
is to be in the nature.

**“ TONY AND NATALIE
FROM AUSTRALIA:**

Any words used to describe The Silent Way experience would simply not do it justice. To try and explain the feelings experienced on your tours would barely provide you and your beautiful dogs with the reward and recognition that is deserved. You offer an experience that is unique yet surreal and ever so personal. Thanks for an experience that will never be forgotten.”

We offer free rental clothing and boots

YOU CAN be sure you will stay warm. We are the experts on cold weather comfort. On our mountains tours we work with small groups, that means more personal service for you.

The Silent Way is the winner of the Wilderness Chef Competition 2007

IN HARD competition with professional teams of chefs Catrine and Kenneth won after nine hours hard cooking! The motivation from the competition jury:

"We believe Silent Way to be a cutting edge product on the international market, combining a natural and professional presentation of a high class and genuine meal experience."

GENE FROM CHICAGO:

I spent several weeks researching adventures tours world-wide in which to spend my 50th birthday. I feel very fortunate to have chosen The Silent Way to mark my half century on this planet. I will never forget the dogs desire to pull under any and all circumstances, the distinct personalities of each, but mostly their gentleness and kindness – what lovely dogs you both have raised. You care and love for your dogs comes through clearly in all that you do. I guess the real measures of a successful adventure would be: 1) would you recommend this Silent Way trip to others and 2) would one do it again? On both counts, a resounding YES from my perspective. In closing, a deeply sincere thank you for the fine food, clean and warm accommodations, beautiful dogs, but mostly for your friendship. See you again!”

Ecotourism Award 2005 to The Silent Way

MOTIVATION: The Silent Way is one of the foremost companies arranging dogsled adventures in Sweden and in the world. During the last ten years Catrine and Kenneth have created breathtaking dogsled adventures in pristine nordic wilderness where mountains and forest are coloured and dressed by the nordic light and the glittering snow. These hosts to the free north are professionals in handling and caring for their dogs and through when it comes to safety and quality. As a guest you will be cared for and you will enjoy wellprepared local food.

RENE, MARCUS, FRANZ AND MARTIN FROM SWITZERLAND:

Last day of this 10-days tour, again, like all the other 8 tours we done – fantastic tour like always.”

SIPKE FROM THE NETHERLANDS:

Thanks for this great experience, it was something I wanted to do for a very long time and I certainly don't regret it. It was incredible good and the dogs were great and sweet and the food was marvellous. I loved the beautiful views and the enormous amount of snow. Again thanks for this excellent arranged trip. Stay well and hopefully until a next time."
